### Heavy Duty Hydraulic Gantry

- Strong enough to add driver friendly accessories
- Greasable
- 3pc construction for easy shipping
- Different heights and configurations available for special applications
- Standard with 3ft of travel to cover short and tall bins

In Lowered Position

In Extended Position

### Heavy Duty Hydraulic Side Arm Frame Assembly

- Telescoping arms with 3ft of travel allows coverage of 20 to 50yd containers
- 3/16 lower arm tube / 11ga upper arm tube
- Arms fit together without the need for shims
- Black powder coating, Silver is optional
- External cylinder and hoses make for ease of maintenance and mechanic friendly
- Protruding debris generally does not affect operation like spring loaded arms
- Hydraulic control allows operation in most windy conditions

### Control Values

- Stackable sections allow for use of existing central hydraulics
- No need for extra pump and diverter valves
- Ease of installation
- Controls telescoping gantry / extendible arms / pivoting arms
- Positive functioning of the hydraulics allows for smooth operation

### Heavy Duty Spring Loaded Roll Up Bar

- Travels with pivoting arms providing tension to tarp when covering
- Allows tarp to be laid on top of load as system covers
- Tarp doesn't drag across load, preventing premature rips and tears
- Easy maintenance & mechanic friendly
- Less debris leaves the container
